Visual and musical impression

Combiconcert

"It was such an amazing day! My friend and her mum asked if I'd like to join the Combiconcert. Of course I said yes! I loved playing all the different pieces. It was so special to be on stage with such incredible musicians at just 11 years old. My friend and I even got to improvise a little, which was really exciting. A day I'll never forget! Maybe I'll become a flautist. Making music together is just so much fun!" - Noor, participant Combiconcert 2025
